Experience

BCDApps / Frontend Developer

June 2022 - PRESENT, Rawalpindi

- Specialized in responsive web design and user interfaces.
- Utilized tools like React.js, Tailwind, and Bootstrap to create seamless user interfaces.
- Used SendGrid to make email templates attractive.
- We collaborated effectively using Git version control.
- I have a strong focus on writing clean and efficient code.
- I am contributing to the creation of impactful web solutions.
- I have utilized the following skills at this platform.

Skills: · HTML5 · Cascading Style Sheets (CSS) · Responsive Web Design · Git · Github · SASS · LESS · JavaScript · React.js · Progressive Web Applications (PWAs) · Tailwind CSS · Bootstrap · Web Development · SendGrid

Ladejavu /Intern Frontend Developer

March 2022 - May 2022, Rawalpindi

- I started my 1st internship at this company as an intern frontend developer.
- I have polished my skills in HTML and CSS here.
- Also, I learned the basics of Javascript and started making templates with these skills.
- I have implemented the following skills at this place:

Skills: HTML5, CSS3, SCSS, Javascript(Basics)

Education

Govt. Degree College Malakwal / ICS (Intermediate in Computer Science)

Feb 2016 - Jul 2018, M.B.Din, Malakwal, Pakistan

- An ICS (Intermediate in Computer Science) degree in Pakistan bridges secondary education and advanced computer science studies.
 - The program is designed for students interested in technology and programming.
 - The curriculum of the ICS degree covers fundamental computer science concepts, software development, and information technology.
 - Over the course of two years, students acquire skills in programming languages, database management, networking basics, and problem-solving methodologies.
 - With Pakistan's growing IT industry, an ICS degree opens up diverse career opportunities, including software development, web design, system administration, and IT consulting.
 - As technology plays a pivotal role in various sectors, an ICS degree becomes essential for individuals looking to contribute to Pakistan's digital transformation and innovative landscape.
-
